PART II – SUITABILITY ASSESSMENT

INVESTMENT OBJECTIVES

MY INVESTMENT OBJECTIVES ARE:

OBJECTIVE	DESCRIPTION
☐ CAPITAL PRESERVATION	*I wish to preserve my wealth by maintaining the value of my investments with little to no loss of my principal amount*
☐ INCOME	*I wish to earn regular income in my portfolio*
☐ BALANCED	*I wish to increase the value of my invested capital and also generate regular income in my portfolio*
☐ GROWTH	*I wish to increase the value of my invested capital and have no specific requirement to generate income*
☐ AGGRESSIVE/SPECULATION	*I wish to seek higher risk opportunities to aim for a significant appreciation of my invested capital which could be achieved through income and/or growth strategies*

INVESTMENT REQUIREMENTS

If you wish to impose restrictions on specific types of securities, assets and/or investments, please state these restrictions below
(examples may include Shariah-compliant investments, Environment, Social and Governance (ESG) investments etc.)

TIME HORIZON

The expected period of time you plan to invest to achieve your financial goal(s)

☐ UP TO 1 YEAR

☐ 1 TO 4 YEARS

☐ 5 TO 10 YEARS

☐ OVER 10 YEARS

PART II – SUITABILITY ASSESSMENT

RISK TOLERANCE

Investing involves risk. Different investment products and strategies involve different degrees of risk. The higher the expected returns of a product or strategy, the greater the risk that you could lose most of your investment. Investments should be chosen based on your objectives, timeframe, and tolerance for market fluctuations.

THE RISK PROFILE YOU AGREE THE MOST WITH IN RELATION TO THE ASSETS IN THIS ACCOUNT

RISK PROFILE	DESCRIPTION
☐ CONSERVATIVE	*I wish to preserve my initial principal in this account, with minimal risk, even if that means this account does not generate significant income or returns and may not keep pace with inflation*
☐ MODERATELY CONSERVATIVE	*I am willing to accept low risk to my initial principal, including low volatility to seek higher returns to seek a modest level of portfolio returns*
☐ MODERATE	*I am willing to accept some risk to my initial principal and tolerate some volatility to seek higher returns, and understand I could lose a portion of the money Invested*
☐ MODERATELY AGGRESSIVE	*I am willing to accept high risk to my initial principal, including high volatility, to seek high returns over time, and understand I could lose a substantial amount of the money invested*
☐ AGGRESSIVE	*I am willing to accept maximum risk to my initial principal to aggressively seek maximum returns, and understand I could lose most, or all, of the money invested*

CAPACITY FOR LOSS

The ability to absorb a drop in the value of your investments in your portfolio and whether or not this would have a materially detrimental effect on your standard of living

☐ NONE

☐ UP TO 10%

☐ 10% TO 20%

☐ 20% TO 30%

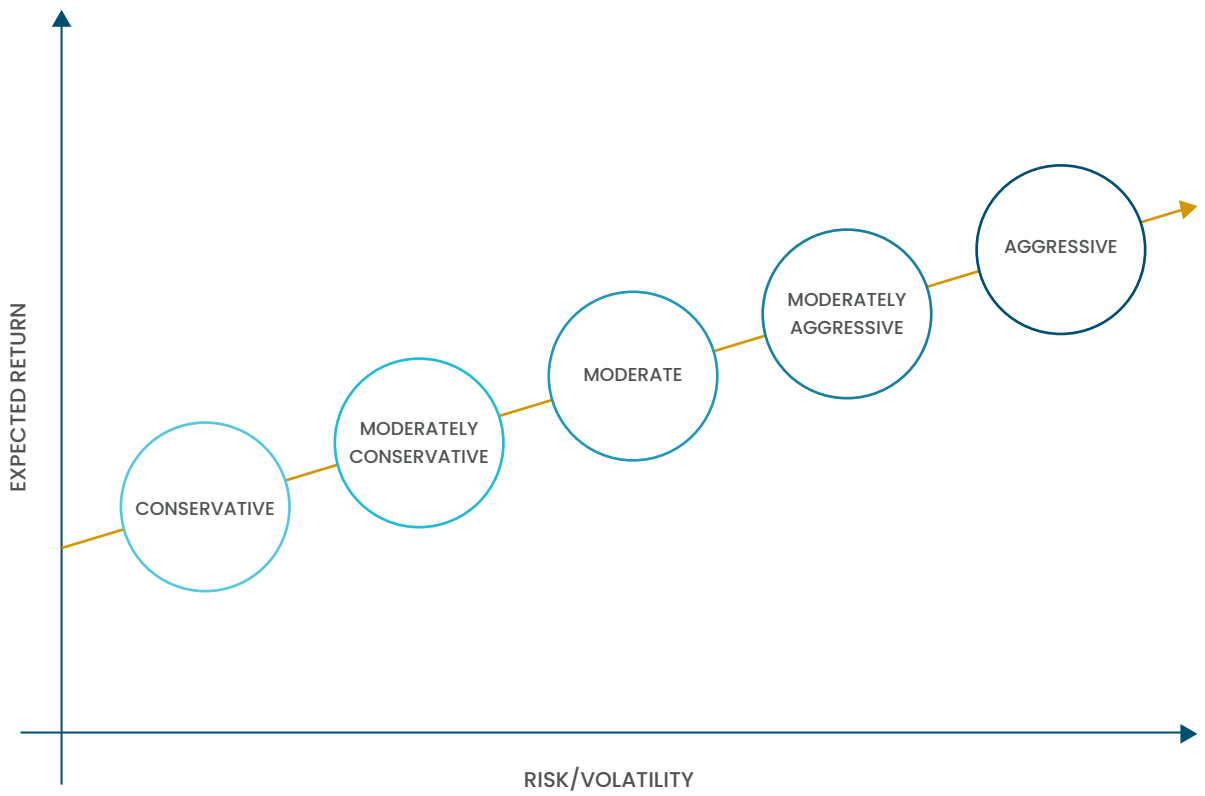
☐ ABOVE 30%

PART II – SUITABILITY ASSESSMENT

MULTI-ASSET CLASS PORTFOLIO

The asset allocation of your investment portfolio will typically depend on your investment objectives and risk profile. Generally, portfolios will be composed of multiple asset classes and may contain cash and short-term instruments, fixed income, equity and alternative investments. Exposure to these asset classes may be achieved through a variety of direct and indirect investments including mutual funds, hedge funds, exchange traded products, structured products, derivatives (OTC and exchange-traded) and others. Dynamic asset allocation is based your risk profile which can be frequently adjusted to ensure that the portfolio remains in line with your investment objectives. For further information on these asset classes, types of investments and examples of asset allocations based on different risk profiles, please speak to your Relationship Manager at Fiducia Capital Limited.

RISK / REWARD PAYOFF



The graph above is for illustrative purposes only. It represents hypothetical investment returns related to the level of risk. It serves as a guide to provide a general understanding of the relationship between risk and return. It does not draw any conclusions as to the relationship between asset allocation, risk and expected returns. It is not indicative of past or future performance.

PART II – SUITABILITY ASSESSMENT

FINANCIAL SITUATION

LEVERAGE

Clients may be able to borrow funds or may utilize various lines of credit and other forms of leverage in order to invest in financial securities. While leverage presents opportunities for increasing an investor's total return, it has the effect of potentially increasing losses as well. Any event which adversely affects the value of an investment may be magnified to the extent an investor is leveraged. The cumulative effect of the use of leverage by an investor in a market that moves adversely to such investor's investments could result in a substantial loss to the investor that would be greater than if the investor were not leveraged.

☐ I UNDERSTAND THE DEFINITION OF LEVERAGE AND THE ASSOCIATED RISKS

☐ I WISH TO INCLUDE LEVERAGE OPPORTUNITIES IN MY PORTFOLIO WITH FIDUCIA CAPITAL LIMITED
