Investment Risk Profile Questionnaire

Customer Name: _____

Investment Risk Score: _____

The information contained in this Investment Risk Profile form will be the basis on which any investment information or recommendations shall be made to you. Any inaccurate or incomplete information may affect the suitability of such information or recommendation. It is strongly recommended that you provide such information required by this IRP Questionnaire as fully as possible and any future changes in circumstances or information contained within this IRP Questionnaire should be advised as soon as possible in order to ensure the continued suitability of investment information or recommendations provided to you.

1. Investment Objectives

Which answer best describes your investment objectives, please select **one** of the following:

Objective	Description
☐ a. Capital Preservation	I wish to preserve my wealth by maintaining the value of my investments with little to no loss of my principal amount
☐ b. Income	I wish to earn regular income in my portfolio
☐ c. Balanced	I wish to increase the value of my invested capital and also generate regular income in my portfolio
☐ d. Growth	I wish to increase the value of my invested capital and have no specific requirement to generate income
☐ e. Aggressive/Speculation	I wish to seek higher risk opportunities to aim for a significant appreciation of my invested capital which could be achieved through income and/or growth strategies

2. Product Knowledge and Experience

Product Type	Investment Products	Knowledge-relevant education or investment experience			Investment Experience		Number of transactions in the last 24 months
		Limited	Moderate	Good	Yes	No	
1	Deposits						
	Money market instruments						
	Foreign Exchange (Spot)						
2	Bonds						
	Bond Funds						
3	Direct Equities / Preferred Shares						
	Equity funds						
	Exchange Traded Funds						
4	Dual currency investments						
	Commodities						
	Derivatives (options, futures & warrants)						
	Structured Products/Notes						

Product Type	Investment Products	Knowledge-relevant education or investment experience			Investment Experience		Number of transactions in the last 24 months
		Limited	Moderate	Good	Yes	No	
5	Private Equity Funds						
	Hedge funds						
6	Mutual Funds						
7	Investing with Leverage						
8	Other Products						
In case of other products please provide further details:							

3. Investment Time Horizon

How long would you invest the majority of your money before you think you would need access to it? (Assuming you already have plans in place to meet short term cash flow and/or emergencies). Please select **one** of the following:

Description	Score
☐ **a.** Up to 1 year	1
☐ **b.** More than 1 year and up to 3 years	2
☐ **b.** More than 3 year and up to 5 years	3
☐ **c.** More than 5 years and up to 10 years	4
☐ **d.** More than 10 years or we have no time commitments.	6

The investment time horizon refers to the length of the time one expects to hold one's portfolio invested, without needing the money for other purposes. With a longer investment time horizon, one can generally afford to invest in instruments which have a higher risk rating, as there will be a longer time line to ride out volatility. Conversely, the shorter the investment time horizon, the more vulnerable to market fluctuations are the investments in one's portfolio.

4. Reliance on Assets

Please select **one** of the below options to indicate your views regarding the following statement:
I am reliant on the assets in my portfolio advised/managed by Fiducia Capital Limited for my regular/operating expenses and long-term financial needs.

Description	Score
☐ **a.** Strongly Agree	1
☐ **b.** Agree	2
☐ **c.** Somewhat Agree	3
☐ **d.** Disagree	4
☐ **e.** Strongly Disagree	5

FIDUCIA CAPITAL

5. Response to Market Decline

Please select **one** of the below options to indicate your views regarding the following statement:
During market declines, I tend to sell portions of my riskier assets and invest the money in safer assets.

Description	Score
☐ **a.** Strongly Agree	1
☐ **b.** Agree	2
☐ **c.** Somewhat Agree	3
☐ **d.** Disagree	4
☐ **e.** Strongly Disagree	5

6. Risk Tolerance – I (Risk Attitude)

Which one of the following do you agree the most in relation to your outlook on risk in relation to assets in this account:

Description	Score
☐ **a.** I wish to preserve my initial principal in this account, with minimal risk, even if that means this account does not generate significant income or returns and may not keep pace with inflation	1
☐ **b.** I am willing to accept low risk to my initial principal, including low volatility to seek higher returns to seek a modest level of portfolio returns	2
☐ **c.** I am willing to accept some risk to my initial principal and tolerate some volatility to seek higher returns, and understand I could lose a portion of the money Invested	3
☐ **d.** I am willing to accept high risk to my initial principal, including high volatility, to seek high returns over time, and understand I could lose a substantial amount of the money invested	4
☐ **e.** I am willing to accept maximum risk to my initial principal to aggressively seek maximum returns, and understand I could lose most, or all, of the money invested	5

7. Risk Tolerance – II (Capacity for Loss)

Please select which of the following is the most appropriate indication of your loss bearing capacity.

Description	Score
☐ **a.** None	1
☐ **b.** Up to 10%	2
☐ **c.** More than 10% up to 20%	3
☐ **d.** More than 20% up to 30%	4
☐ **e.** Above 30%	6

Risk tolerance is the degree of variability in investment returns that an investor is willing to withstand. Risk tolerance is an important component in investing. Please bear in mind that the opportunity to make higher returns typically requires a higher ability and willingness to assume a greater amount of risk, which in turn increases the possibility of losses.

Capacity for Loss means the ability to absorb a drop in the value of your investments in your portfolio and whether or not this would have a materially detrimental effect on your standard of living.

FIDUCIA CAPITAL

8. Liquidity Needs

Please select which of the following is the most appropriate indication of your liquidity needs.

Description	Score
☐ **a.** Very Important	1
☐ **b.** Important	2
☐ **c.** Somewhat Important	3
☐ **d.** Does not Matter	4

Liquidity is the ability to quickly and easily convert to cash all or a portion of the investments in this account without experiencing significant loss in value from, for example, the lack of a ready market, or incurring significant costs or penalties.

Anticipated Liquidity Requirements: Details of funds required for expenditure purposes over the next 12 months:

_____

_____

_____

is there a specific amount of cash required to be kept in the account?

(If so, please give details)

_____

_____

9. What portion of your total net worth are liquid investable assets?

Please select **one** of the following:

Description	Score
☐ **a.** Up to 15%	1
☐ **b.** More than 15% up to 24%	2
☐ **c.** 25% to 49%	3
☐ **d.** More than 50%	4

10. Stability of Income

How secure is your current and future income from existing sources? Please select **one** of the following:

Description	Score
☐ **a.** No or insignificant net income	1
☐ **b.** High volatility and fluctuation of income – Income levels are not stable	2
☐ **c.** Secure income with low volatility at the moment with some uncertainty for the future Mostly stable	3
☐ **d.** Long term secured income flows from various sources - Very stable	4

FIDUCIA CAPITAL

11. Leverage in Investment

How much leverage as a percentage of your portfolio are you comfortable with? Please select **one** of the following:

Description	Score
☐ **a.** None	1
☐ **b.** 1% -10%	2
☐ **c.** 11% - 29%	3
☐ **b.** 30% onwards	4

In leveraging, you must invest the proceeds of borrowed money and thus, has investment risks. It magnifies investment gains and losses in particular when markets are volatile. As a result of this magnification effect, using leverage for investment purposes carries a greater risk of loss than purchasing investments with cash and may also lead to losses that substantially exceed the original capital amount invested. It also has cash flow risk, interest rate risk and margin call risk.

12. Assets under Advisory/Management

What % of assets will be under Fiducia Capital's advisory/management, compared to your total net-worth? Please select **one** of the following:

Description	Score
☐ **a.** Less than 1/3	1
☐ **b.** between 1/3 and 2/3	2
☐ **c.** More than 2/3	3

13. Financial Situation

Net Annual Income (from all sources)
☐ US$100,001-250,000
☐ US$250,001-500,000
☐ US$500,001-3,000,000
☐ Over US$3,000,000
Net Worth (excluding existing residence)
☐ US$1,000,001-3,000,000
☐ US$3,000,001-5,000,000
☐ US$5,000,001-15,000,000
☐ Over US$15,000,000
☐ US$1,000,001-3,000,000
Liquid Net Worth
☐ US$1,000,001-3,000,000
☐ US$3,000,001-5,000,000
☐ US$5,000,001-15,000,000
☐ Over US$15,000,000
